WEDNESDAY, MARCH 13, 1890.

BROWN AS A REFORMER.

Saving at the Spigot by Depriving Paupers of a Few Dollars Worth of Tobacco.

And Helping to Pour Tens of Thousands of Mill-Tax Out of the Bung.

FOR KAYO 3:

BRING OUT EVERY VOTE!

We hope our Republican friends in every Ward to-day will make special and energetic effort to bring out every vote. The traveling will be in many localities and there should be the simplest provision of conveyances to bring to the polls all who live at a distance or who are in delicate health. Do not relax efforts because you may become convinced that we shall be victorious; but determine to spare no labor to make the result decisive, until the polls are closed.

Owing to the bad weather, extra pains should be taken to provide teams and especially to urge the attendance of our friends who live in the sections most remote from the polls.

All who can do so should go to the polls early in the forenoon and deposit their ballots, and then help to bring out a full vote.

"THE POOR MAN'S FRIEND."

Brown Says to Every Poor Family That May Need a Little Help:

"GET OVER THE HILL TO THE POOR HOUSE!"

We all know that frequently in our hard winters, sickness or other misfortune may bring a worthy and respectable family to such temporary destitution that a little help is needed from the city to keep them from suffering or perhaps starvation for a brief time until they can get able to take care of themselves again. This kind of charitable work has been recognized as a duty in all civilized communities, and it is often an economy as well as a benevolence in helping up an unfortunate family that would otherwise become a permanent charge upon the community.

CHARLES P. BROWN, the Reformer, when an Alderman in 1878, sought to help out his boasted reduction of expenses by cutting off all such timely and benevolent help to the worthy and needy poor, by an Order declaring that they must pack off "Over the Hill to the Poor House" before they should receive a cent's worth of food, fuel or clothing from the city!

The official records of the City of Bangor contain the following Order, which was originated, introduced and supported in the Board of Aldermen, June 4, 1878, by Alderman CHARLES P. BROWN:

"Ordered: That the Overseers of the Poor be and they are hereby instructed to issue NO MORE 'SUPPLY' tickets to paupers in the city, 'on and after September, 1878,' during the balance of the present municipal year, UNLESS SAID 'PAUPERS RECEIVE SUCH SUPPLY' AT THE ALMS HOUSE."

WARD TWO TO THE FROST.

When such eminent and able citizens as Hon. Charles Hayward, A. Bert Itoison, Esq., and others Ward Two consent to be candidates, all good people should put forth every effort for their election. With a determined exertion all along the line our candidates can be elected to-day in Ward Two.

WARD THREE, FOUR AND FIVE.

Which shall be the Bangor Ward to-day? With strength, capable and popular candidates, a full vote should be brought out in every Ward for every name on their tickets. We hope to hear ringing reports from all three of those gallant Wards when the votes are counted.

WARD ONE.

We don't believe the workmen of Ward One will consent to support Tor Mayor CHARLES P. BROWN, one of the wealthiest men in Bangor, who pays only about four hundred dollars in taxes, and who advocates sending to the Poor House every unfortunate family that needs a loaf of bread or a few sticks of fuel to carry them through a time of distress.

RALLY, WARD SEVEN!

By a strong pull and a pull all together our Republican friends can redeem Ward Seven to-day. Our candidate for Alderman has proved one of the most useful members of the Common Council; he knows what it is to be a laboring man, and gives employment to a large number of workmen. The rest of our ticket in the Ward is made up of excellent men and they ought all to be elected.

Mr. Editor: I do not see two canons "Citizens" and "Democrats," have named Mr. CHARLES P. BROWN as candidate for Mayor, as a champion of Reform and Reduction of TAXATION.

Mr. C. P. Brown is one of Bangor's most wealthy citizens—although the evidence of that fact does not appear in the amount of his contribution to the TAXES—and his Reform record has been that of vigilance at the "spigot," while helping to enlarge the outflow at the "bung" of our City Treasury.

Two illustrations will show how much Mr. Brown's style of "economy" has cost the city of Bangor:

In 1878 when he was an Alderman, elected, save the mark! as a TAX PAYER's candidate—and anxious to distinguish himself as an Economist, he hit upon a grand idea of Reform at the Spigot, and caused to be passed through the City Council an Order depriving the paupers of a few dollars worth of tobacco, thereby saving possibly from \$50 to \$75 a year, by not taking from a few aged unfortunates the sole source of a "whiff of the weed" which habit had made almost a necessity. A law-suit grew out of it and the City paid a bill of costs.

That was the Spigot Performance. In 1872 CHARLES P. BROWN, the same Champion of Economy, being a Representative in the Legislature from this City, originated, introduced and secured the passage of the "Eighteen-Minute Law," which has taken out of the TAX-PAYERS of Bangor to be distributed among other towns in the State during the last ten years MORE THAN FORTY THOUSAND DOLLARS.

Here are the figures:

1880-81.	
Bangor paid to the State on account Mill Tax,	\$10,044.00
1881-82.	
Bangor received from the State on account Mill Tax,	\$7,008.00
Loss to Bangor in one year, \$4,336.00	

In 1880, owing to the efforts of Republican Representatives, the State valuation of Bangor was made more equitable, so that last year the loss by Mr. Brown's Mill Tax was only \$2,800. (During the nine years an average of \$4,300 and one year at \$2,800, we have as the aggregate loss caused to this city in the last decade by Mr. Brown's efforts no less than \$41,500.00!)

This is the thing performance! The account made up for twenty years, with \$41,500 loss for the past ten and \$28,000 for the next ten years, and offsetting by the saving of even \$75 annually by depriving the paupers of tobacco, would stand as follows:

Saved by Reformer Brown at the "Spigot,"	\$1,500.00
Lost by Reformer Brown at the "Bung,"	69,500.00
Net loss to the city,	\$68,000.00

The foregoing illustrations certainly show that Mr. C. P. Brown's style of Reform has not been profitable to the TAX-PAYERS OF BANGOR.

A GOOD EXAMPLE.

If our people all over the State would emulate the example of the gallant Republicans of Ward Six, our harmonious party would sweep all before it. Last spring there were some differences over the Ward nominations, but those who were dissatisfied there have nobly come forward this year to prove their devotion to the party by uniting heartily in renominating the former candidates by acclamation. Ward Six never fails to render a good account at the polls.

TO THE INTELLIGENT VOTERS OF BANGOR:

READ A FEW REASONS WHY YOU SHOULD VOTE IN FAVOR OF EXTENDING THE YACHT AND PISCATAQUIS RAILROAD TO MOOSEHEAD LAKE.

First. It is our property; and the reason it does not pay the full interest on its mortgages to the City, a because it is unfinished. The Railroad paid to the Stage Company the last year, estimates, \$10,827.00 to transport its passengers and freight from where it now ends, thirteen miles, to the Lake, every dollar of which, and a great deal besides, would have gone into the treasury, if the road had extended to the Lake.

If the Road can pay into the City treasury \$44,000.00 as it has the past year, it is believed, that it will be doubled, if finished as it will connect with the Lake & Moosehead Railroad, now being built to the foot of Moosehead Lake.

Second. If you vote in favor of extending the Road, you do not vote one dollar of the City's treasury money to have the City become liable for one dollar to make such extension, nor to increase the taxes. If any person tells you otherwise, it is not true. The object is to finish it so it will pay more to the City, and thus diminish taxes.

But your vote will aid the Bangor and Piscataquis Railroad Company—not the City—to issue its own bonds and secure them by a first mortgage on the Road for the amount necessary to complete it, nothing more—and, when finished, the City will have a mortgage on thirteen more miles of finished railroad than it now has, without putting out one dollar in money or issuing one single bond.

A CARD FROM CAPTAIN FLOWERS.

HE DECLINES A "CITIZENS" NOMINATION FOR ALDERMAN.

To the Editor of the Star & Courier:

I see in the Commercial under the head of "Citizens' Nominations" my name appears as a candidate for Alderman for ward three.

I thank the members of that caucus for the expression of the fact that I am not a candidate for a Republican, and am not a candidate for any office, and I therefore respectfully decline the honor.

WM. FLOWERS.

Bangor, March 11, 1890.

REASONS WHY VOTERS SHOULD VOTE "YES" ON THE RAILROAD QUESTION TO-DAY.

Mr. Editor: Will you please publish the following reasons for voting "Yes" to-day?

First—Because it does not call for one dollar from the city.

Second—Because it does not call upon the city to issue one single bond but authorizes the Railroad Company to issue bonds.

Told—Because it does not call on the city for a promise to pay money or bonds.

Fourth—Because it does not call on the city to create any new debt of itself.

Fifth—Because it will not increase taxes.

Sixth—Because it will not increase taxes.

Seventh—Because the road cannot be finished without such a vote, and everybody concedes that it is for the interest of the city that it should be finished.

Eighth—Because it is the most business-like and economical method yet suggested.

Those who do not want the road finished should vote "No"; but those who would have that railroad, which is our property, finished and made profitable will vote "Yes."

We publish a card from that earnest Republican, Captain William Flowers, declining a nomination made without his knowledge.

Special Notices.

WOODSTOCK, N. B.

Formerly "Gibson House."

Having been newly painted and painted with red and white, and is now for sale, at a low price, on Thursday, March 14th, at 10 o'clock.
